

[The Women's Leadership Circle](#) (WLC) is returning to Chittenden County from May to October 2022, and we want to ensure you know about this opportunity to learn and receive support from an amazing group of women.

[WLC](#) developed to support accomplished women in leadership positions across sectors. We build participant groups of powerful women who possess the awareness, experience, and professionalism to create a safe place where frank discussions can happen. Each Circle is comprised of 10–14 women in a specific geographical location who meet formally over six months, during which time they establish the foundation for an ongoing network of support. WLC provides support to meet the challenges of leadership with clarity and confidence.

BENEFITS

Alignment: The program supports deep inquiry into personal and professional priorities and helps participants create a life more in alignment with their values.

Expanded capacity: Participants identify their strengths and develop an individualized plan to effectively build on their leadership abilities.

Grounded foundation: WLC supports women to embody their leadership. Participants explore the link between personal well-being and leadership and take action in support of their improved health.

Real-world impact: Each WLC participant practices her expanded leadership abilities in a real-world project designed to create meaningful outcomes in alignment with personal values and aspirations.

Community: Each Circle is intentionally drawn from the same region. Circle members sustain their friendships long after the formal portion of WLC is completed, and often continue to meet as a group for years.
