ABOUT BENNINGTON RESCUE

ORGANIZATION

What we do—Bennington Rescue provides emergency and non-emergency patient care and transportation, billing services, and medical education. Our primary EMS response area includes Bennington, Woodford, and parts of Shaftsbury. We provide paramedic intercept and critical care transport services. Our annual responses are 5100-6200 per year. We operate 6 ambulances, 2 support/first response vehicles, an EMS bike team, event coverage, and medical off-road rescue.

Funding—Bennington Rescue is funded primarily by medical insurance reimbursement with supplemental income from municipal contributions, education course fees, and other sources.

OUR CREW

Crew members—Bennington Rescue employs EMS clinicians (EMT, AEMT, Paramedics, and Critical Care Paramedics), medical billing and compliance specialists, educators, and administrative support crew. We employ about 40 professionals to fill these roles.

Benefits—In addition to pay, our crew receives benefits including:

- medical benefits (full- & part-time) , health reimbursement account, and optional supplemental insurance plans
- 403b retirement fund with employer match
- continuing education and uniform allowance

Advancement—We encourage all our crew members to participate in professional advancement opportunities. EMS clinicians have the opportunity to receive paid training to become Advanced EMTs or Paramedics. Administrative crew may become Certified Ambulance Coders, compliance officers, and other roles. Crew can also become field training officers, coordinators, educators, and other advanced roles.

TO APPLY

1. Go to our website and on the employment page click the button that says "Visit our Career Center to see our current openings"
2. Select the position you would like to apply for.
3. Start an application and provide a resume or CV... *Don't worry if you don't have one, you can click "Finish Later" to save your application. If you don't have a resume or CV you can find templates online from places like Google Docs, Word, etc.*
