Project Kits 2020

Vermont Works for Women piloted the creation and distribution of free project kits this summer, providing middle school girls and gender non-conforming youth the opportunity to expand their sense of possibilities through hands-on projects at home.

Building Confidence

72 middle school youth from Addison, Chittenden, Lamoille, Orange, Washington and Windsor counties received a kit.

Teaching Skills

Kits included build-your-own **birdhouses, mechanical models, and suncatchers**, teaching participants construction and metal working basics.

Changing Lives

VWW partnered with **Lund, King Street Center, THRIVE Winooski, Spectrum VT, Champlain Housing Trust, Islamic Society of VT, and DREAM Middlebury** to distribute the kits.

Here's what recipients had to say!

“We can't thank you enough for all the work you put into these kits! They are so great and [my camper] is excited to have her own tools!”

“It was perfect timing for this to arrive. [My child] has been feeling pretty isolated and down lately. We really appreciate you doing this!”

“It was cool seeing new girls interested in wood working, carpentry and wire working.”

Vermont Works for Women helps women and girls recognize their potential and explore, pursue, and excel in work that leads to economic independence.
